AUTORACING

SIZE: 44-60 / CODE: 335 0015

- * Certified to FIA 8856-2000 homologation standard.
- * Ultra-lightweight, multi-layer aramid fiber construction incorporates highly breathable mid-layer and panel inserts for performance and effective regulation of body temperature.
- * Outer shell constructed from aramid fibers for exceptional heat and flame-resistant properties.
- * Alpinestars innovative material technology gives ultra-lightweight comfort with exclusive elastic fabric for fit and flexibility.
- * Alpinestars fully floating arm construction with stretchable knit fabric ensures minimal material resistance while driving.
- * Extended, Formula 1-derived anatomical stretch panels in lower back and sides, crotch and knee zones providing greater flexibility and superior fit, both in and out the car.
- * Form fitting suit with engineered torso shaping.
- * Soft collar with knit fabric and hook and loop grip strap for secure, comfortable closure.
- * Pre-shaped arm and leg patterning is ergonomically engineered for optimum fit in the driving position.
- * Ribbed, stretchable wrist and foot cuffs (boot cut version features hemmed foot cuff finish).
- * Alpinestars exclusive shoulder epaulette construction providing easy extraction system.
- * Printed logos help maintain suit's material integrity and reduce weight.
- * Premium YKK zippers with Alpinestars zipper pullers, plus double slider for versatile and customizable fit.
- * Sold with laundry bag for convenience and to help protect material fibers.
- * Weight 265 gr/sqm.

- * Complies with the FIA 8856-2000 homologation standard.
- * Ultra-lightweight, three-layer aramid fiber construction provides the ultimate in performance and protection.
- * Strategically placed, highly breathable fabric inserts enhance body temperature regulation and moisture-wicking performance.
- * Alpinestars' fully floating arm construction with stretchable knit fabric ensures minimal material resistance while driving.
- * Revised performance fit construction for improved comfort; ergonomic shaping allows for tight-fitting garment.
- * New elbow and lower inside-arm stretch panels allow for enhanced performance fit and comfort in the cockpit.
- * Alpinestars patented central back stretch panel greatly enhances freedom of movement and helps maintain the suit's fit while driving.
- * Arm and leg patterning is ergonomically engineered for optimum fit in the driving position.
- * Dual-layer armpit construction further enhances mobility and comfort in the cockpit.
- * Internal flat seams reduce pressure points in the suit for a more comfortable driving experience.
- * Soft knit-fabric collar ensures a comfortable closure at the top of the suit.
- * Fabric coverage on the shoulders allows comfortable placement of the HANS device, while ensuring minimal material bunching occurring under the device when racing.
- * Sold with laundry bag for convenience and to help protect material fibers.
- * Weight 275 gr/sqm.

- * Certified to FIA 8856-2000 homologation standard.
- * Innovative, lightweight multi-layer construction offers improved comfort levels and anatomical fit while giving garment greater excellent breathability:
- * Aramidic fiber outer layer provides excellent resistance to heat, plus aramidic mid-layer for maximum heat transfer protection.
- * Aramidic fiber inner liner for additional heat-resistance performance, moisture-wicking and durability.
- * Anatomical arm, leg and torso paneling patterned for optimum driving position fit.
- * Lumber and back Aramidic fiber stretch panels for unrestricted movement and breathability.
- * Alpinestars' fully floating arm construction with stretchable knit fabric provides freedom of movement.
- * Internal flat seams reduce pressure points in the suit for a more comfortable driving experience.
- * Close-fitting design and adjustable collar and belted waist for precise fit.
- * Comes in range of aggressive new colorways and design detailing.
- * Alpinestars' shoulder epaulette construction to facilitate effective extraction of driver in event of a crash.
- * Ribbed, stretchable wrist and foot cuffs (boot cut version features hemmed foot cuff finish).
- * Sold with laundry bag for convenience and to help protect material fibers.

KART RACING

SIZE: 40-60 / CODE: 335 1017

- × Complies with the CIK FIA Level2 homologation standard N 2013-1.
- × Newly developed Cordura® main shell construction that is lightweight, highly breathable, abrasion resistant, durable and comfortable.
- × Fully floating arm construction for minimal material resistance while driving and maneuverability around shoulders and upper arms.
- × Newly developed lumbar stretch panel extend round the back and hip areas for improved stretch fit in driving position and easier in and out of cockpit.
- × Comfortable and breathable, advanced poly-3D lining works in conjunction with Cordura® shell for exceptional levels of ventilation and cooling comfort.
- × Tech mesh inserts on crotch and under arm areas for high levels of airflow.
- × Exclusive shoulder epaulette construction derived from Alpinestars Formula 1 race suits.
- × Right elbow is reinforced with foam padding for resistance to abrasion and heat from the kart engine.
- × Removable perforated poly-foam side torso padding for improved comfort and fit.
- × Micro-fiber elastic foot loops secure suit in position without interfering with the foot pedals.
- × Knitted wrist and ankle cuffs for snug and soft fit.
- × Low profile collar for added convenience and comfort.
- × Premium YKK zippers with Alpinestars zipper pullers, plus double slider for versatile and customizable fit.
- × Embroidered logo and detailing.

ACCESSORIES

SIZE: OS / CODE: 654 0118

- × Designed and developed for a fit that is specific to a youth driver's anatomy.
- × Frame constructed from injected polymer compound that has been extensively impact tested at performance on a range of off-road surface and varying temperatures.
- × Frame has been ergonomically engineered to promote contact with the helmet during impact – including rear support edge that fits closer to the body and raised chest to avoid hyper-flexion injuries - thus providing a solid surface which instantly channels damaging, compressive impact energy away from the neck and on to the support.
- × Frame's anatomical profile promotes positive helmet contact in event of a crash while allowing rider freedom of movement.
- × Rear stabilizer system helps keeps support in position and is also designed to channel extreme energy loads away from the spine by transmitting it across the shoulder and helping to avoid serious spinal injury.
- × Ultra-lightweight EVA foam on the support's underside for comfort and positioning and to distribute the impact force over the widest possible area.
- × A new closure system for convenient engagement of support and to facilitate quick removal in case of emergency.
- × The support is supplied with the easy-to-use strap system which allows use over or under the jersey to secure the device on the rider.

× **SEQUENCE YOUTH NECK ROLL** ×

ACCESSORIES

SIZE: S/M – L/XL / CODE: 674 1018

- × New hybrid kids neck protection with extended tail for high position stability.
- × Ergonomic designed and engineered shape to fit kids from 6 – 10 yrs. and from 10-14 yrs.
- × Double density core is made from a soft PU foam base embedding a hard layer EVA for energy dissipation.
- × Bottom and internal soft section (neck side) provides comfort for the shoulder and neck, hard section on the upper part to give stability and provides force distribution when the helmet is impacting.
- × Easy to use soft strap closure on the front part.
- × Highly compatible with all other protectors and jackets.
- × Washable external cover with hook and loop grip rear closure.

BLACK RED
13

× **BIONIC RIB SUPPORT** ×

ACCESSORIES

SIZE: S/L - XL/3XL / CODE: 653 7013 | YOUTH: OS / CODE: 654 7013

- × High performance ergonomic rib protection designed to offer comfort and support.
- × Multi-layer main body construction for ultimate performance.
- × Soft, advanced, poly lining for comfort.
- × Dual density laminated padding, incorporating 3mm high density padding against the body for improved comfort, laminated with 4mm impact absorption EVA foam for effective impact protection and reduced vibration.
- × Fiber-glass core for impact energy dispersion.
- × External 500D advanced poly fabric for improved abrasion resistance maintenance.
- × Slim and light impact dispersion shield for excellent shock dissipation and durability.
- × Fully adjustable, elasticated, front strap with snap closure for secure support and comfortable personalized fit.
- × Adjustable shoulder straps formed with soft and breathable 3D mesh.
- × Additional hook and loop grip strap rear adjustment helps refine size adjustment.
- × Perforated rear padding offers extra support and comfort.

BLACK WHITE
12

× **PIT RADIO BELT** ×

ACCESSORIES

SIZE: OS / CODE: 690 0118

- × Advanced poly-fabric mechanic's utility belt for use by pit crews.
- × Stretch insert to ensure adaptable and close fit over overalls.
- × Large clip buckle closure with D-ring adjustment for secure, personalized fit.
- × Alpinestars embroidered logo on rear.

- * Complies with FIA (FIA: 8856-2000).
- * Main upper chassis constructed from supple, lightweight kangaroo leather for exceptional levels of comfort and durability.
- * Lightweight micro-porous padding around the heel and insole enhance comfort while driving.
- * All graphic elements are printed for improved weight-saving.
- * Extensive perforation zones on lateral and medial sides, tongue and collar for improved ventilation and breathability and comfort.
- * Tubular lining construction in para-aramid fiber material for excellent levels of heat-resistant, weight-saving and reduced seams to improve all round comfort.
- * Tongue constructed from CarbonX® elastic fabric to ensure ergonomic fit as well as providing additional flame-retardant properties.
- * Alpinestars new closure design features an extensive hook and loop grip strap and elasticated gusset CarbonX® that closes across the instep allowing for an ergonomic fit and a patented one-piece design for a highly reduced material construction for greater comfort and performance in the cockpit.
- * The hook and loop grip strap closure, a first for Alpinestars' auto footwear, offers a secure and personalized fit and incorporates perforations for cooling comfort.
- * The lace-less design offers quick and easy in/out and weight-saving and safety.
- * Collar padding constructed from Nitrile Rubber for comfort and weight-saving.
- * FIA /Alpinestars label in the tongue made from fireproof PU.
- * Alpinestars foot counter features multi-compound construction and ergonomic Polypropylene heel counter plus integrated insole, which provides support, protection and stability plus integrated PU fireproof heel for comfort.
- * Alpinestars exclusive lightweight rubber compound sole with special line textured grip and improved pedal feel in race conditions.

- × Advanced seamless thermo-welded construction consists of ultra-thin PU film and 3D mesh to provide supremely lightweight performance and maximum foot sensitivity thanks to the "sock-like" effect, with no pressure points on the foot for excellent comfort and fit.
- × New sleek shoe profile follows foot anatomy and guarantees great fit and performance.
- × Laser air-intakes and perforations on upper, with 3D mesh on tongue offer excellent breathability and comfort.
- × External heel, ankle and internal toe reinforcements for abrasion resistance and protection.
- × Alpinestars' lace-lock system constructed from an advanced polymer resin guarantees quick, precise and secure closure of the shoe.
- × Dual asymmetric closure system incorporates adjustable ultra-thin hook and loop grip strap plus aramid speed top lacing. System integrates Alpinestars' exclusively developed wire closure system, which strategically envelopes the foot for optimal support and structure and offers durability, precise fit and secure closure.
- × Collar padding constructed from Nitrile rubber for comfort and weight-saving.
- × Soft microfiber collar is cut lower at the rear to allow greater Achilles' heel comfort and improved range of movement.
- × Tongue features perforated soft padding for comfort and improved fit.
- × Innovative Alpinestars foot counter for maximum performance: an ergonomic, polypropylene heel counter provides support and stability inside the shoe, while a flatter forefoot with die-cut ribbing provides greater feel on the pedals.
- × Ultra-thin Formula 1 specification sole uses Alpinestars exclusive rubber compound for pedal sensitivity and grip, in both wet and dry conditions.

× **HOW TO MEASURE**

A. Chest - Measure around the fullest part, under the armpits, keeping the tape horizontal.

B. Waist - Measure around the natural waist line, in line with the navel, keeping the tape horizontal.

C. Hip - Measure around the fullest part of your hips, about 20cm below waist line, keeping the tape horizontal.

D. Thigh - Measure around the thigh just below the crotch, keeping the tape horizontal.

E. Inseam - Stand against a wall, ask someone else to measure from the crotch to the bottom of your leg.

F. Arm Length - Measure from shoulder (Humerus) to wrist.

G. Height - Stand against a wall, ask someone else to measure from the floor to the top of your head, keeping the tape vertical.
